

## Machine Operators

Natures Organics is an Australian owned business based in Ferntree Gully, Victoria, which has built an enviable reputation for quality and innovation. We manufacture a wide range and high volume of personal care and household cleaning products. As an environmentally responsible company, we create formulations using naturally derived, sustainable ingredients filled into recycled and/or recyclable packaging. Our business has a culture of continuous innovation and a commitment to produce high quality products.

We are seeking hardworking, energetic, reliable, enthusiastic and conscientious Machine Operators to join our busy manufacturing team. Our production is a high-speed filling operation across seven Production Lines, on a two-shift operation. We have modern PLC controlled machinery and equipment, set within a clean and organized workplace.

Hours of work:

Day Shift                      0700 – 1506, Monday to Friday  
 Afternoon Shift              1500 – 2306, Monday to Friday

These roles will commence immediately.

This role will suit experienced Machine Operators who have experience in liquid or food manufacture, labelling and case packing within an FMCG, food/pharma packaging or related industry.

### Core responsibilities:

- Efficient operation of filling and labeling machinery.
- Coordination and motivation of staff on your Production line
- Meet Production line targets
- Perform production line changeovers
- Ability to resolve basic mechanical issues and adjustments
- Accurate document and QC recording
- Start-up and shut-down line procedures
- Assist to train new and casual staff
- Maintaining GMP standards

### You will have:

- 2 years + machine operators experience in an FMCG or similar fast paced high volume environment
- Drive and ability to meet production line targets
- Ability to take charge of a Production line
- Sound mechanical aptitude
- Good communication in both verbal and written English essential

Of utmost importance, is your ability to work cohesively with, and lead line teams, in a fast-paced manufacturing environment. Apply now to [hr@naturesorganics.com.au](mailto:hr@naturesorganics.com.au) to be considered for this great opportunity.
